

S1 Revision Guide for the April 2024 Exams

Subject	What I should have	Ideas for revision
Geography	<p>A complete set of notes for</p> <ul style="list-style-type: none">• Weather and Climate• Empty Lands <p>Revision Material on O365.</p>	<ol style="list-style-type: none">1. A revision document has been posted on your class notebook with questions. Answers will also be posted.2. View clips relating to Weather and Climate and Hot and Cold Deserts - BBC clips are good.3. Use mind mapping to recap the main aspects of Weather and Climate and Empty Lands.4. Check your jotter to ensure you are not missing any work – have a look at your friend’s jotter and compare. If you have notes missing, take a photograph or copy the notes into your jotter. Ask for any missing handouts.5. Ask your teacher for help if you are unsure – you can do this in class or use Teams.
Maths	<ol style="list-style-type: none">1. Class Notebook (OneNote) Revision section2. Class Notebook (OneNote) Worked examples for each topic. These will also be in your notes jotter.3. Feedback on your homework.4. Your textbook5. Targets set on previous Learning Logs	<ol style="list-style-type: none">1. Prioritise topics based on your personal targets2. Work through the textbook checkups and your revision packs, checking answers as you go.3. Regularly mix up topics from your revision booklet so that you are not only doing one topic in a night.4. Ask your teacher for help with any questions you are stuck on!

<p>Science</p>	<p>A full set of completed notes for the following topics is available on the individual class OneNote pages or on O365 here</p> <ul style="list-style-type: none"> • Wonderful World of Plants • Alchemy to Chemistry • Medical Physics • Cell Biology and Inheritance <p>Check your notes are complete - get help from your teacher or use the online resources if they are not.</p> <p>O365 also has PowerPoints and practice examples for topics which should be useful for revision.</p>	<ol style="list-style-type: none"> 1. The learning outcomes at the start of each booklet will tell you what you need to know, use them as a checklist. 2. Use the textbook to review the topic area information and try the questions (answers at the back of the book) 3. Review all of your topic booklets and check they are complete with your OneNote class pages. 4. Look over all resources on each Topic OneNote page (notes, video clips, mindmaps, questions) 5. Look again at the homework exercises and problem-solving questions in your booklet. 6. Look over the experiments you have done and practise drawing labelled diagrams for them. 7. Check the rules for drawing graphs. 8. Use the mindmaps, flash cards, puzzles or definition cards to polish up your topics.
<p>French</p>	<ol style="list-style-type: none"> 1. A set of the core vocabulary in your vocabulary jotter. This can also be found in your class notebook. 2. Reading tasks in your class notebook including marking schemes. 3. A set of sentences in French about you and where you live, marked by your teacher. 4. A list of links to interactive vocabulary tasks. 	<ol style="list-style-type: none"> 1. Learn and practice writing the 8 sentences about yourself until you make no mistake. Make sure you include accents. 2. Complete the reading tasks in your class notebook and check your answers against the marking key 3. Revise/learn your vocabulary <ol style="list-style-type: none"> a. Use your jotter and ask someone at home to quiz you b. Use quizlet, wordwall, kahoot activities c. Use BBC Bitesize link below and click on the relevant topics <p>3rd level French - Scotland - BBC Bitesize</p>
