Extra-curricular Clubs & Activities

Jordanhill School
2026 – 2027

Why Get Involved?

Getting involved in extra-curricular activities is a great way to add fun to your time in school and gain valuable life experience.

- Learning new skills
- Developing existing skills, e.g. group work, communication, team building, time management
- Discovering a new interest
- Making new friendships
- Strengthening existing friendships

You will also have the opportunity to:

- Contribute in a positive way to your school community
- Flourish into a well-rounded and interesting individual
- Learn more about yourself – for example, by finding things you are good at and enjoy
  Gain experience and skills that will help you stand out from the crowd with college, university and job applications
- **Have fun!**

How to get Involved?

Look through this brochure and pick a few things:

a) that interest you
b) that you are able to attend.

Contact the lead teacher listed and let them know you are interested in getting involved, or just drop by and join in. Try a few different things - maybe you will want to attend several clubs or try each out until you find one that is a good fit for you.

Rewarding Participation

Consistent attendance and positive participation will be rewarded. <u>Those of you who regularly attend and contribute positively to club(s) may be able to gain House Points for your House.</u>
