Below you will find a projected assessment schedule for S4 – S6. Please note that:

- There may be instances when dates are altered slightly to accommodate, amongst other things, progress in learning and staff availability.
- Almost all assessments will take place within class time and often across multiple periods in the week. If an assessment occurs out with class time, pupils will be informed of the relevant details by their class teacher.
- Visiting Examiners are confirmed nearer the time. The broad timelines we have currently are:
    - National 5 and Higher Music between 8 February and 19 March.
    - Advanced Higher Languages between 15 February and 23 March.
    - National 5 Drama between 1 March and 23 April.
    - Advanced Higher Music between 26 April and 14 May.
- Practical examinations, folios, dissertations, and assignment pieces contribute towards the overall grade achieved in a subject.
- Additional assessments and timed practice papers provide valuable evidence and are an excellent opportunity to measure progress and set individual improvement targets ahead of the final examinations.

We do hope you find this overview helpful. If your young person has any questions, then please do encourage them to speak to their class teacher in the first instance.

Week beginning	Year Group(s)	Assessment work
19 October	S4	National 5 Health & Food Technology Assignment
	S5/6	Higher English SST Assessment 1 Higher PE Term 1 Assessment Advanced Higher Biology Project Advanced Higher History Draft Chapter 1
26 October	S4	National 5 Art & Design Class Test – Design National 5 Art & Design Class Test – Expressive National 5 English Critical Essay Assessment 1 National 5 Health & Food Technology Assignment National 5 Physics Electricity Test 1 – Timed Assessment
	S5/6	Higher Fashion & Textile Technology Assignment Higher Fashion & Textile Technology Timed Assessment Higher Health & Food Technology Assignment Higher Physics Collision/Gravitation Test – Timed Assessment Advanced Higher Biology Project Advanced Higher Chemistry Assignment
2 November	S4	
	S5/6	Higher Application of Mathematics Project Higher Fashion & Textile Technology Assignment Higher Health & Food Technology Assignment Higher Health & Food Technology Timed Assessment Higher History Assignment Research and Planning Advanced Higher Biology Project Advanced Higher Chemistry Assignment
